Comprehensive AIX Courses

Our full range of IBM POWER System and AIX courses are scheduled regularly throughout the year for your training needs. We can also package and customize the courses for group training to suit your requirements, should you not be able to attend the published classes. Our courses are delivered mainly in English in Singapore and other countries. We also welcome any request for courses to be conducted in Mandarin or at customer's premises.

OUR METHOD OF DELIVERY

- Lecture and Q&A session for each unit;
- Follow-up with hands-on laboratory exercises to reinforce the concept learnt.

CERTIFIED COURSE MATERIAL

Each student will be provided with a set of student materials from IBM, writing materials & workstation for hands-on learning.

FREE AFTER-CLASS SUPPORT

Learning is an extensive and on-going process that requires support long after the course is done. We provide a free service to all of our clients which allow them to get answers to questions post course. Email for after-class support and let our talented group of instructors point you in the right direction.

PERSONAL ATTENTION

We keep our class sizes small to ensure that you get the information you need from our instructors and course material.
